RARE COINS

To Be Sold by Mail Auction

THURSDAY, FEBRUARY 16, 1928, by

M. H. BOLENDER

P. O. Box 34

Orangeville, Illinois

To Collectors—Feb. 13-18 has been designated by the American Numismatic Association as "Coin Week." Exhibits will be made by collectors and dealers in various cities. Radio talks will be broadcast from important stations on the subject of coin collecting. Newspapers will give special publicity to coin collecting. Why not give your local paper an article that will be interesting to the general public and will promote the science? Coin clubs will be organized in several new cities. If you desire to organize in your city, I shall be glad to furnish names and addresses of collectors in your city, to help facilitate your organization. A lot of joy and profit are derived from coin clubs. Could there be a more appropriate time than "Coin Week" to purchase coins for your collection? And so here we are with another one of my popular auction sales. Send in a liberal number of bids. And you may be safe in making your bdis liberal because (1) I do not over-rate the quality of a lot; (2) I buy below your bids wherever possible; and (3) I positively return your money if dissatisfied.

This sale has a wide variety of material: unusually fine lot of foreign silver and copper coins; many desirable United States coins; fractional currency; obsolete bonds and stocks; siege pieces; pattern pieces of South America; medals of many kinds; fine Genuine Indian Relics with a rare broad notched hoe; medals in porcelain; nice 1793 Liberty Cap cent and many other desirable cents; Colonial coins; gold quarter eagles and other gold; many commemorative half dollars that are so popular; coins of Cambodia including early silver tical; 1794 half dollar, very good; etc. Look over the sales list carefully as you may find just what you have wanted for a long time.

My classifications and descriptions are based on knowledge gained through 15 years of earnest dealing in coins. I have endeavored to refrain from over-rating the quality of a lot, which is so common. I believe that the word "RARE" should not be over-worked.

Please remember my strong guarantee. If goods are not satisfactory (you are to be the judge), you are at liberty to return them without any danger of offending.

New bidders should send references or a deposit of at least 25 per cent of bids.

Be sure to send some bids to this sale. If you find nothing to bid on, and you want next month's sale list, it is safest to request same by postal card. If no bids are received from you, your name is subject to withdrawal from my mailing list to make room for new collectors. It takes only a minute of your time and a postal card to bring you the next sales list in case you send no bids this time. If you send bids, you are certain of next month's sale list.

Coins will be bought as much below your bids as possible, as this is competitive bidding carried out in good faith.

If you do not know how much to bid on any item, write me and I shall be glad to inform you as to its value.

Receipted bills are not sent out after your remittance as this is unnecessary. Your check, draft, or money order itself is a receipt and we ask you to pay only once. However, if a 2-cent stamp is enclosed we will send receipt.

The following was written by an eminent numismatist and a specialist on United States fractional currency:

"The 25 pieces of United States fractional currency purchased in your sale of Dec. 15 by me, is one of the finest lots I have seen come out of any auction sale, and whereas you have saved me 11 per cent also on my bids I am well satisfied. I have bid at all your sales for a considerable time and perhaps you have noticed I have been increasing my bids each time—there is a reason: dependability and prompt and courteous service."

Let me sell your collection or duplicates in these sales. Quick returns and satisfactory re-

sults are realized. My sales are held regularly each month. Write for terms.
